
MOLD INGREDIENT CARDS

Mold cards act as wild cards for purposes of matching ingredients stated on the Patient card. If a Mold card is used, it fits the replaced ingredient's requirements as if it were an Exact Match. Once the patient has either been cured or has died, the Mold card is removed from the game.

Mold cards cannot be used for the following actions:

- Voodoo Mambo's Consecrate Ingredients and Petition Baron Samedi's Aid
- Pharmacist's Infusion and Decoction
- Charlatan's Hokum Crafting

Any time that a Mold card would enter the Discard Pile (i.e., Purge, Discard, Exchange, etc.), the Mold card is instead removed from the game.
