Kitchen Setup

Players

2-3 players: Play with 2 of each type of Sandwich with the highest value card on top.

4 players: Play with all Sandwich Cards.

Menu

Make 2 rows by stacking each type of Sandwich ingredient-side up with the highest \$ card on top and its Out of Stock Card on the bottom. Add Cling Wrap to the end of the 2nd row.

Draw Pile

Shuffle Ingredient and Action Cards together face down, then deal 6 each (no peeking). The rest are the Draw Pile.

Trash Pile

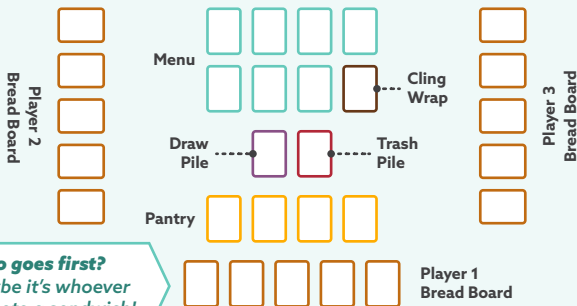

Draw 3 cards from the Draw Pile and place them face up next to it to start the Trash Pile.

Pantry

Draw 4 cards from the Draw Pile and place them in a row face up below the Draw and Trash Piles.

Bread Boards

Place 5 Bread Cards in front of each player. These start your sandwiches and don't move.

Who goes first?
Maybe it's whoever
last ate a sandwich!

Sandwich Cards

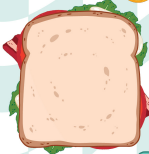

Sandwich Cards show the Ingredients you'll need from bottom to top. To finish a sandwich, flip the matching card over and place it on top of your ingredient stack. Each type of sandwich can be built until it's sold out.

Hot tip: Be the first to build that type of sandwich to earn \$2 more!

The Draw Pile

Ingredient Cards

These are the ingredients you'll stack to build sandwiches.

Ingredients must be stacked in the order listed on the Sandwich Card before you can complete that sandwich.

Special Ingredient Cards

There are 2 special ingredients:

Avocado Cards can stand in for any Ingredient except Pickle.

Pickle Cards are placed on top of a finished sandwich to earn a \$2 bonus.

Trash Panda

Play Trash Panda by placing it face up next to your Bread Board. Add any 2 cards from the Trash Pile to your hand except another Trash Panda. Discard on your next turn ...unless a Health Inspector shows up.

Health Inspector

Play Health Inspector by placing it on another player's Trash Panda. Then choose 2 cards at random from their hand to discard. Both Trash Panda and Health Inspector are then discarded.

No Trash Panda? Target another player's in-progress sandwich to stop them from finishing it for 1 full turn. Discard Health Inspector after their next turn.

Yoink!

Play Yoink! to steal the top Ingredient Card (except Pickles) from another player's in-progress sandwich. Add that card to your hand, then discard Yoink!

Tip

Keep Tip Cards in your hand until the end of the game to earn extra money!

You can also use Tip Cards to 1) Bribe the Health Inspector to cancel it then discard both, or 2) Cancel a Yoink! and keep your ingredients safe, but give the Tip to that player.

Playing your Shift

Each player's turn has 3 steps: **Play**, **Trash**, and **Refill**.

1 Play

You get 3 actions during your turn, which can include:

- **Add an Ingredient to your sandwiches:** Play multiple of the same ingredient (such as 3 lettuces) at once. But Avocado and Pickle can only be played 1 at a time.
- **Play Yoink!**
- **Take Cling Wrap from the Menu.**
- **Rearrange the ingredients of an in-progress sandwich.**
- **Take from the Pantry:** Grab 1 card from the Pantry to add to your hand. Replace the card with 1 from the Draw Pile.
- **Restock the Pantry:** Trash all 4 cards in the Pantry and replace them with 4 new cards from the Draw Pile.
- **Finish a sandwich:** Grab the matching Sandwich Card from the Menu. Flip it over and place it on top of your ingredient stack.
- **Move an ingredient:** Shift the top ingredient from 1 of your sandwiches to another.
- **Trash an ingredient:** Discard the top ingredient from 1 of your sandwiches.

Your employee discount allows you to also play these free actions during your turn:

- Discard your in-progress sandwich
- Play Trash Panda
- Play Health Inspector
- Play Tip any time to cancel out Health Inspector or Yoink!

2 Trash

Discard as many cards face up to the Trash Pile as you want, but keep no more than 6 cards in your hand.

3 Refill

Draw cards from the Draw Pile until you have 6 cards in your hand.

Closing Up Shop

Last call starts as soon as a player completes all 5 of their sandwiches.

Any players who haven't played during that round can still finish out their Play actions but cannot Trash or Refill. Do not play Health Inspector since they've gone home for the day.

Scoring & Who Wins

Count how much money you made by adding up your completed Sandwiches + Pickles + any Tips still in your hand.

Whoever made the most money wins the game!

Good to Know

Health Inspector Rules

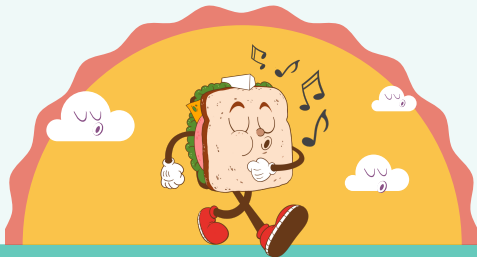

- A player can get health inspected more than once!
- Blocking an in-progress sandwich can only happen if there's no Trash Panda in play.
- You must wait 1 full turn before refilling your hand after being health inspected.
- If a Tip Card is used to bribe the Health Inspector played on a Trash Panda, discard all 3 cards.

Tip Rules

- Playing Tip will always cancel out Health Inspector or Yoink!.
- Play Tip at any time. All other cards must be played on your turn.

Sandwich Rules

- You can't change a sandwich once it's finished except for adding a Pickle on top.
- Work on as many sandwiches at the same time as you'd like.

Miscellaneous Rules

- Avocados are wild and can replace any ingredient except Pickles.
- Look through the Trash Pile at any time to see if it's worth playing Trash Panda.
- If the Draw Pile runs out, combine and shuffle the Trash Pile and Pantry. Start a new Draw Pile, then reset the Trash Pile and Pantry.
- **Tiebreak rules:** The person who made the most sandwiches wins. If there's still a tie: The person with the most Tips wins.

Trainee Rules

Are you new to the Deli and just want to learn how to make sandwiches? Here's how to modify the rules:

- Remove the Yoink! Cards from the deck.
- Health Inspector just has 1 job: Play it on another player's Trash Panda to discard 2 cards at random from their hand.

Players get 3 actions during their turn, but they're a little more simple:

- Add 1 Ingredient to your sandwich at a time.
- Take Cling Wrap from the menu.
- Take from the Pantry: Grab 1 card from the Pantry to add to your hand, then refill the empty spot from the Draw Pile.
- Trash an ingredient: Discard the top ingredient from 1 of your sandwiches.
- Finish a sandwich: Grab the matching Sandwich Card from the Menu. Flip it over and place it on top of your ingredient stack.
- All free actions are still available.
