- The remaining player bet 2 bananas

How to play

1 In each turn, player normally starts with drawing 1 card and play a card. (except slip) If there are multiple cards with the same symbol or number, You can play all of them at once.

1st Player can decide to put the card to his/her left or right, that player will be play in next turn.

2 If you have card(s) with the same symbol or number as the lastest player played. You can do a "Slip" which means you can play that card(s) without drawing a card and take 1 banana from the player who lets you do "Slip" for each card.

If the next player also do "Slip" again that player also take banana(s) from the player who lets the "Slip" begin.

Card Effect

When you played card(s), do that card effect X times . (X = amount of card you played)

Peek Card x 2

Look at 1 card from other player hand

Skip Card x 2

Skip next target player's turn

Trade Card x 2

Select 1 card on your hand and random a card on other player hand then swap both cards.

Skull Card x 2

Must play with other card. Skull will acted as the card they played with.

*If Peek / Skip / Trade is played more than one card at once, You must target at different players.

3 Each round can only end in one of three ways.

1. Player decide to shout "KONGKANG!!" before slip or draw a card
- If the player who shout KONGKANG has the lowest total point in hand, he/she wins the round. (Non-number card each have a value of 10)
- If not, The player with the lowest total point in hands win the round and the player who shout KONGKANG must remove half of his/her bananas (round down) from the game.

2. When the deck is run out and the active player can't do "Slip"

- The player with the lowest total point in hand wins the round. If tie, player who is the closet to the last played card wins. (in turn order)

4 The player who has played all his card is also win. The winner take all bet in the pot and become the 1st player for the next round.

Game End

When player unable to bet or pay for slip, that player lost and remove from the game.

After 3 Rounds, The player who has the most bananas wins.

If tie, All remaining players must play until there is only 1 winner.
