A plant identification
card game

Designed and
Illustrated by:

Julia Alards-Tomalin

Special Thanks:

This project was possible due to funding from BCIT's Open Education Resource Grant.

Thanks to Lin Brander and Rosario Passos for their help and support during the development of this game.

Thanks to Amy Miedzwiecki for helping turn this card game from a rough idea into a polished set of cards.

Thanks to Jace Standish for being my mentor in the world of Plant Identification. Thanks to Stacey Auld for collaborating with me on this project.

Thanks to the BCIT students in the Forest and Natural Areas Management program and the Fish Wildlife and Recreation program who helped play test the game and provide feedback.
