First-time players:

After choosing a Guild leader/color at the start of the game, pick the Supply & Conquer cards that match that Guild Leader.

Experienced players:

After Season Start Player Tokens have been distributed but before starting game play:

1. Shuffle the 13 cards.
2. Draw cards equal to the number of players plus one and display them on the table for drafting.
3. The person with the Winter Start Player token picks one Supply & Conquer card, and then the other players pick in clockwise order.
4. Discard the unselected Supply & Conquer card.
5. Repeat step 2.
6. The player who drafted last before now picks first, and then the other players pick in counter-clockwise order.

Rules for expansion play:

- These cards are not shuffled into your deck, instead they are placed near your player mat face-up. It is your responsibility to monitor when these card effects are triggered.
- Where there is disagreement between the rules on the card and rules for the base game, follow the rules on the card.
