

The Silent Way in London: Rules

This game offers you freedom to explore every aspect of spoken English. Move avatars, Cuisenaire rods and other objects around to create linguistically rich situations.

Skilful use of this game will provoke awarenesses in the other players about English and enable everyone to work on:

- Pronunciation
- Stress and reduction
- Grammar
- Functional vocabulary

Use the pointers to point to charts and objects:

- Coloured-coded phoneme rectangles
- Function words
- Vocabulary item spellings
- Syllable tools

The game is for students of English at any level. For more information about how to use this resource and about the Silent Way approach please contact us at
